

Customize Hidden Screen Lifter Ultrathin Lcd Monitor Intelligent Paperless Meeting System

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: JUNNAN
- Certification: CCC,CE,ROHS,ISO
- Model Number: JN-15.6/17.3/18.5/21.5
- Minimum Order Quantity: 1
- Price: US\$ 380
- Packaging Details: 68CM*52CM*22CM
- Delivery Time: 7-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1-10 ≥11Communicative

Product Specification

- Color: Silver/Black
- Material: Aluminum/Iron
- Voltage: AC220V 5% 50-60HZ
- Application: Conference Room Meeting Solution
- Product Name: Paperless Conference System
- Keyword: Monitor Motorized Lift
- Style: Retractable Monitor Lift
- Brand: JUNNAN
- Highlight: hidden screen lifter, screen lifter ultrathin, intelligent paperless meeting system

Customize Hidden Ultrathin Lcd Monitor Intelligent Conference System

Advanced Paperless meeting system meeting service is fast and hassle-free, one key call, send demand, fast service response without disturbing the meeting site. The same screen, the presenter starts screen sharing in his own client, all participants' clients will automatically follow the presenter's screen movement. Our Advanced's Paperless meeting system belongs to the latest meeting software, easy to maintain, and can be purchased either wholesale or privately customized for clients.

Supports the function of participant ranking, supports the same ranking for the whole meeting, and also supports different ranking for each topic; the ranking is realized by visualization, and supports the participants to change their positions. Support the annotation and marking function in the process of consulting conference materials, and the annotated contents are automatically saved to ensure that the conference materials will not be lost when the terminal is disconnected from the network or power outage.

Support the participants to apply for the designated paperless terminal to follow their own screen to view the meeting materials on the same screen, which supports ordinary and mandatory following. When following the same screen, the terminal of the same screen can view other conference materials, and the same screen can display the abbreviated window and switch back to the same screen window with one key.

Support the conference process, the preview of external signals, view, the same screen function.

Support the approval control of the terminal with the screen and the terminal casting screen.

Support the chairman of the meeting and the secretary of the meeting to quickly select the terminal for screen casting.

Support paperless terminal or external signal source casting to multiple screens during the meeting.

Support the approval of participants to put the large screen display, support for multiple large screens, each large screen support full-screen, two-split screen, four-split screen mode.

The company has advanced production lines, the factory covers an area of 5,000 square meters, building area of 3,000 square meters

The product adopts advanced technology application, humanized design, convenient operation mode

The quality, stability, and durability of the products are rigorously tested to ensure reliable product quality.

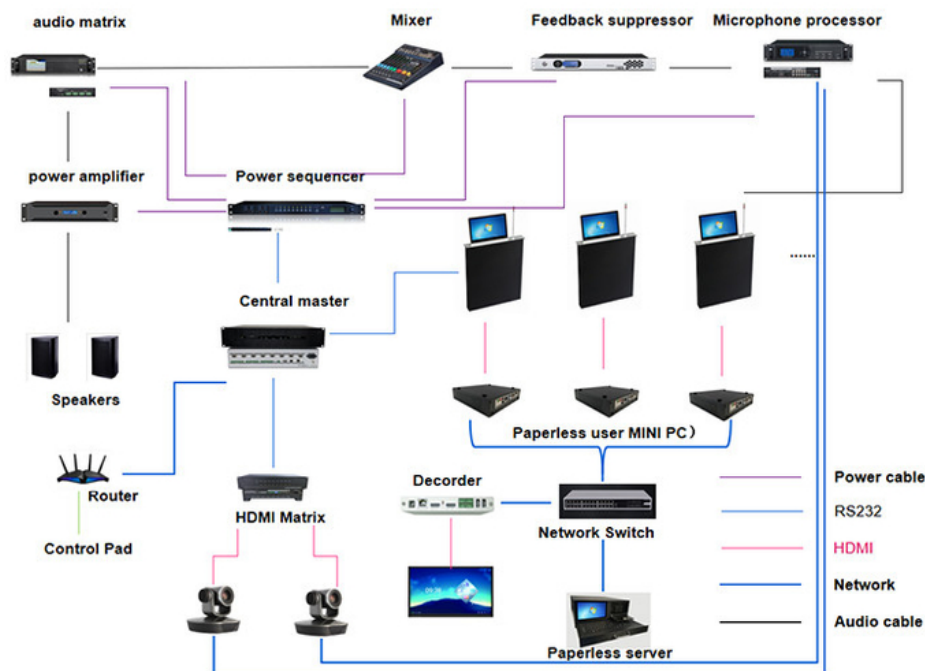

We strictly implement the quality management system to ensure the quality of products and services in line with international standards of customer demand. to provide customers with reliable products and services to ensure that

Our equipment has CCC, CE, ROHS, ISO certification and other certifications, product safety and quality, with export qualifications.
