Product Description

Universal Schuko Socket Motorized Pop Up Outletfor Kitchen Tabletop

The Side Slide Folio is an outlet with a unique design feature that uses a side-sliding folio closure, meaning that the outlet panel slides open from the sides to the center, revealing the jacks inside. This design allows the socket panel to be closed when not in use, keeping the desktop or wall surface tidy and aesthetically pleasing. When in use, the sliding operation allows the user to easily open the socket panel for easy insertion of various plugs and cables.
