## Product Description

### Electric Lifting Pop Up Desktop Socket Wireless USB Universal power Socket

The flip-top receptacle with integrated wireless charging allows users to charge wireless-enabled devices by placing them directly on top of the receptacle without having to plug in any cables. The flip-top socket with wireless charging provides guests with the convenience of charging. Instead of carrying a charging cable, guests can simply place their device on top of the outlet and charge it.

#### Junnan Multi-function Socket parameters

Product Name	Recessed Flip Socket
Product size	271*110*103mm
Product type	JN-1601
Opening size	238*104mm
Product material	Aluminium
Panel colour	Brushed silver/gold/black
Interface configuration	According to customer requirements

#### Our Advantages

High production efficiency, the factory adopts assembly line operation, mechanized production. Strict quality control ensures that products meet the highest quality standards.

The quality, stability, and durability of the products are rigorously tested to ensure reliable product quality.

We have a team of highly qualified, specialized staff with extensive industry experience and professional support to provide quality services and solutions to our clients.

We have advanced equipment and technical means in the field of technology, and we are able to provide customized solutions to meet the different needs of our customers.
