## Product Description

### Desktop Flip Cover Power Socket With USB Smart Power Socket

The brushes can stop dust and debris from entering the jacks, keeping the jacks clean and reducing problems such as poor contact or short circuits caused by dust or debris. The bristles can reduce the friction between the plug and socket, reducing wear and tear on the plug and socket and prolonging their service life.

### junnan Multi-function Socket parameters

Product Name	Recessed Flip Socket
Product size	160*85*70mm
Product type	JN-160
Opening size	147*72mm
Product material	Aluminium
Panel colour	Brushed silver/black
Interface configuration	According to customer requirements

### Our Advantages

And our junnan equipment has a variety of certificates certification such as CCC, CE certificate, ROHS, ISO certification, the product is safe and high quality, with export qualification, is a direct factory with favorable price, has its own factory and has been operating for many years.

We focus on innovation, continuous product and service development and innovation, to be able to provide customers with more competitive solutions to meet the growing needs of our customers.

Our equipment has CCC, CE, ROHS, ISO certification and other certifications, product safety and quality, with export qualifications.

We have advanced equipment and technical means in the field of technology, and we are able to provide customized solutions to meet the different needs of our customers.

And our junnan equipment has a variety of certificates certification such as CCC, CE certificate, ROHS, ISO certification, the product is safe and high quality, with export qualification, is a direct factory with favorable price, has its own factory and has been operating for many years.
