Product Category	Monitor Lift
Type	Dual Screen Lcd Lift
Control options	Remote control, manual controls, or RS232 controls
Integration	Seamless Integration With Other Systems
Platform	Web-based
Language Support	Multiple Languages
Country Of Origin	Guangdong, China
Technical support and services	Yes
Scalability	Ability To Handle Large Conferences

Applications:

Industrial touch monitors are essential for businesses that require reliable and efficient visual displays. The JUNNAN JN-19 Monitor Lift is perfect for industrial applications such as factories, warehouses, and production lines, as it is able to withstand harsh environments and rough handling. With its certification of CCC/CE, you can be assured of its quality and safety.

The JN-19 model also has a high-resolution display that makes it perfect for graphics computer monitoring. This makes it ideal for use in design studios, video editing labs, and other similar settings. The monitor can be adjusted to different heights, making it easy to view from different angles.

Another great feature of the JUNNAN JN-19 Monitor Lift is its multiple language support. This means that the monitor can be used in a variety of countries and by people who speak different languages. This makes it a versatile option for businesses that operate on a global scale.

When it comes to collaboration, the JN-19 model has you covered. With real-time document sharing and editing tools, you can work with others on projects no matter where they are located. This is especially important for businesses that have remote teams or that work with partners in other countries.

If you are interested in purchasing the JUNNAN JN-19 Monitor Lift, keep in mind that there is a minimum order quantity of 10 units. The price is also reasonable at US\$ 150 per unit. Payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The monitor is also available in large quantities, with a supply ability of 1-20 or more than 21 units. The delivery time is 20 days, and the monitor is packaged in a 78CM*20CM*72CM box to ensure safe transport.
