

Hidden Alignment Microphone Lifter With Separate Line For Each Microphone Sound System

Our Product Introduction

for more products please visit us on monitor-lift.com

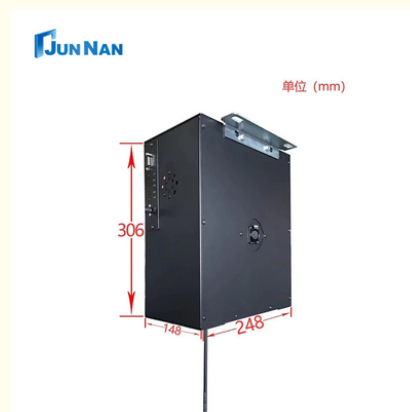

Basic Information

- Place of Origin: China
- Brand Name: JUNNAN
- Certification: CCC,CE,ROHS,ISO
- Model Number: JN-M8/M12
- Minimum Order Quantity: 2
- Price: US\$ 280
- Packaging Details: 60CM*60CM*30CM
- Delivery Time: 16
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1-2 ≥3Communicative

Product Specification

- Voltage: Using DC 24V
- Limit Accuracy: Within 1mm
- Circuit Board: Equipped With Current Overload Protection
- Product NameProduct Name: Microphone Lifting Hanger
- The Limit Mode Is: Electronic Limit And Mechanical Limit Dual Protection
- Remote Control: With Backlight Function And Powered By A No. 7 Battery
- Highlight: **Separate Line Microphone Lifter, Hidden Alignment Microphone Lifter, Sound System Microphone Lifter**

Product Description

Microphone Lifting Hanger

Guangzhou Junnan is a large-scale professional microphone lifter equipment and manufacturer in China. We specialize in the field of microphone lifter equipment for many years, the production of microphone lifter is mainly used for stage performances, KTV, speech, hosting and so on. The microphone lifter has a beautiful appearance, with the functions of receiving and releasing, driving the bottom noise, strong and weak power shunt, microphone automatic self-bridge and so on. Microphone lifter is famous for its high precision, stability and intelligent control, which is suitable for high-end conference and performance venues. Microphone lifters are unique in appearance design, can be integrated with different environment styles, and have high aesthetics. Our products cover most of the European and American markets. We are looking forward to being your long-term partner in China.

Microphone elevator speed adjustable, smooth operation, battery emergency elevation in case of power outage, comes with a hose to adjust the pointing at will. Meanwhile the chorus quality performance is good, built-in spool, hidden alignment, each microphone has a separate line. The panel comes with rise, fall, pause, microphone switch, can also be unified panel control. Adopt German technology to produce circuit integrated control board, high reliability. Adopt industrial grade automobile motor, long service life and good stability. Our advanced microphone lifters belong to the latest microphone lifters, which can be purchased wholesale or privately customized for customers. In addition, our Junan equipment has many certificates, such as CCC, CE certification, ROHS, ISO certification multiple choice certificate. Our products are safe and high quality, with export qualification, factory direct sale, favorable price, own factory, and have been in business for many years.

We have a one-stop microphone lifter equipment solution for R&D, distribution, sales and related services, as well as a high-quality microphone lifting hanger R&D production line. This Guangzhou Junnan Microphone Lifter is the latest invention of high quality products. The microphone lifter is driven by an industrial-grade automobile motor, which has a long service life and good stability, can meet the most demanding lighting requirements, and is easy to install and maintain. It utilizes the latest technology in microphone lifters. With innovative products and competitiveness, Guangzhou Junnan's product Microphone Lifter is trying to win the market and customers. The utility model microphone lifter belongs to the technical field of microphone lifter, and specifically relates to multifunctional microphone lifter. As a modernized audio equipment accessory, the microphone lifter plays an important role in meetings, speeches, stage performances and other occasions. It not only provides a convenient operating experience, but also effectively improves the space utilization rate and overall aesthetics of the venue.

Junnan Stage Mic Lifter parameters

Stroke:	8 meters, 12 meters (models change accordingly)
Precision:	5mm expansion, $\pm 1^\circ$ left/right deflection
Control interface	wireless remote control, keypad, RS232
Weight	10kg/11kg (net weight)
Input voltage	100-240V~50/60Hz
Installation method	Ceiling hanging

Junnan Stage Mic Lifter Advantages of the factory

Strict quality control ensures that products meet the highest quality standards.

The company has advanced production lines, the factory covers an area of 5,000 square meters, building area of 3,000 square meters

The quality, stability, and durability of the products are rigorously tested to ensure reliable product quality.

Our equipment has CCC, CE, ROHS, ISO certification and other certifications, product safety and quality, with export qualifications.

We strictly implement the quality management system to ensure the quality of products and services in line with international standards of customer demand, to provide customers with reliable products and services to ensure that

Junnan Stage Mic Lifter Product Features

Built-in coiled wire, hidden alignment

Adopting industrial-grade automobile motor with long life and good stability.

High reliability of the integrated control board using German technology.

Battery can be used for emergency lifting and lowering in case of power failure

Adjustable speed, smooth operation.
